New arrival

A kit for detection of SARS-CoV-2 Neutralizing Antibodies

Dear Customers,

First of all, please accept our sincere gratitude for your continued support.

We are pleased to inform you that we have launched “SARS-CoV-2 Neutralization Antibody Detection Kit”. This kit can evaluate the ability of the antibody in serum samples to neutralize SARS-CoV-2 through measuring the inhibition of binding between the spikes and the receptor, human ACE2.

We appreciate your interest in our products and look forward to serving you in the future.

Sincerely,

MBL
