

Discontinuation Notification

Discontinuation of MBL products

Dear Customers,

First of all, please accept our sincere gratitude for your continued support.

Unfortunately, we are discontinuing the following products. Allow us to apologize for any inconvenience this may have caused you.

We will release alternative products in late November 2023. The alternative products have improved within-run reproducibility and accuracy in assay by changing buffer composition and other parameters.

Thank you very much for your understanding and cooperation.

Sincerely,

MBL

November, 2023

[Discontinuation date]

November 24, 2023

* Please note that if the product is out of stock before this date, it will be discontinued at that time.
